First Sign up to register for this app

STUDENT VERIFICATION PROCESS

**Enter your university
registration number to
register.**

The screenshot shows the 'Tracker' app interface on an Android device. The status bar at the top indicates 3G connectivity and the time 4:50. The app's title bar shows a green Android icon and the word 'Tracker'. The main form has a dark blue background with white text for labels: 'Regis._no', 'name', 'course name', 'university', 'contact', 'email', and 'Aadhar number'. The 'Regis._no' field is highlighted with a red border and a red exclamation mark icon, indicating an error. A black tooltip box with white text 'please enter the registration number' is positioned over the 'name' field. An orange 'REGISTER' button is at the bottom, with a hand icon pointing at it. The bottom navigation bar shows standard Android icons: back, home, and recent apps.
